HEALTH INSURANCE: Please call our office to see if your insurance is accepted by our clinic. If it is, we bill your insurance company as a courtesy but ultimately, the patient or policy holder is the primary person responsible for the bill. Every insurance plan differs from one another regarding number of allowed visits, duration of treatment, referral requirements, copays, etc. **Please call your insurance company for a clear understanding of your plan's limits and your financial responsibility.** Please provide us with all necessary information and **let us know if any billing information changes** during the course of your therapy. Before you begin treatment, we verify insurance coverage. Verification of coverage is not a guarantee of payment. If for whatever reason your health insurance coverage is denied, you are responsible for your bill.

COPAYS/CO-INSURANCE: Your copay is due at the time of service and should be paid at the front desk when you check in. We accept cash, check and credit cards. If your insurance consists of a co-insurance, we bill you directly. Please remember, it is **your responsibility to understand your individual insurance plan and your financial responsibility for your visits.**

SELF PAY: If you do not have insurance coverage, please inquire about our private payment rates for service.

Thank you
